MARS GAMING

MK215 KEYBOARD

New MK215 keyboard has an awesome gaming design that won't be unnoticed. With an outstanding 7-colors backlighting system and extra red gaming keys for perfect visibility during the game.

MK215 includes an outstanding dual macro programming system: with hardware macro programming system without software and a customizable UI software for macro keys, with Macro recording in its internal memory.

With anti-ghosting capability, an ultimate internal gaming processor and keystroke optimized for gaming, MK215 keyboard has been engineered for pro gamers.

Detachable keys, for interchange position and easy cleaning, braided cable and gold-plated USB connector fulfill premium features of this MK215 keyboard.

*Software compatible with Windows XP/ Vista/ 7 32/64BIT / 8 32/64BIT /WIN10
