MNBC5 notebook cooler

The Mars Gaming MNBC5 cooling base is the perfect solution for laptop overheating, granting your PC a powerful performance in any circumstance. Increase the lifetime of your laptop with a 6-fan system and boost its aesthetic with an amazing RGB Control lighting.

How to set up your cooler base

- 1. Install the phone holder accessory.** Remember to extract it CAREFULLY and place it in any side of the base.
- 2. Choose one of the 7 height-positions to raise your base.** The posture will improve and the air flow of the cooler will be increased.
- 3. Deploy the laptop supports.** Place your PC on the cooler and make sure the supports are deployed, allowing you to type in a comfortable posture.
- 4. Use the USB power cable** to connect the laptop to the cooler base.

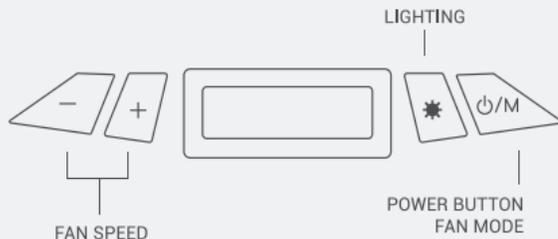

How to control the RGB lighting

1. Hold the **★** button for 2 seconds to switch ON/OFF the lighting system.
2. Press the **★** button to choose between the 7 different lighting modes.

How to control the cooling fans

1. Press the **⏻/M** button to switch ON/OFF the fan system.
2. Hold the **⏻/M** button for 2 seconds to choose between the fan modes:
 - a. Power the 6 fans at once
 - b. Power only the 3 small fans
 - c. Power only the 3 big fans
3. Press - / + buttons to increase or decrease their rotation speed.
